Our Mentors

Mrs. Priya Elizabeth John
Principal
DPS Indirapuram

Every extraordinary journey begins with self-confidence and an unwavering belief in one's own potential.

At DPS Indirapuram, we nurture this belief by fostering self-confidence and encouraging our students to realize their fullest potential in an environment driven by excellence.

In our continuous endeavour to help students achieve their dreams, we proudly present the School Integrated Program (SIP) in collaboration with our academic partner, Study Vault.

Under the close guidance and mentorship of the school, SIP prepares students to excel in some of the most competitive examinations in the country. The program builds a strong conceptual foundation in Mathematics and Science, strengthening fundamentals and ensuring clarity at every step.

Delivered by a team of highly qualified, experienced, and result-driven faculty from premier institutes, SIP offers systematic training, continuous motivation, and personalized guidance. Alongside academic rigour, it emphasizes time management, consistent feedback, healthy competition, and a stress-free, learner-centric atmosphere.

Bridging the gap between aspiration and achievement, SIP has scripted its own success story — a story we are proud to share. True success is not just about cracking an exam, but about growing with confidence and without pressure. With SIP, your child gets the best of both worlds - the excellence of DPS Indirapuram and the expertise of Study Vault, ensuring our students stay ahead, stay prepared and stay within the secure guidance of their own school while chasing their biggest dreams.

Educational transformation driven by the dynamics of technology in recent years has opened a plethora of opportunities going beyond the traditional teaching-learning methodologies. It is prudent to chisel our knowledge with guidance and correct supervision. At DPS Gurgaon, learning is characterised by progress and growth. The school's vision is to catapult this growth in the right direction and make our students confident leaders of tomorrow .Keeping this endeavour in mind, the school introduced the School Accelerated Program (SAP) in association with its learning partner, Study Vault.

The program has been successfully working in tandem with the school for past seven years. It has played a pivotal role in providing quality assistance to the students by honing their aptitude and giving them the confidence to make informed choices. It also prepares the students for various competitive exams across the country, like National and International Olympiads, N.S.T.S.E, IIT-JEE etc. The SAP classes and result-oriented mentors have throughout focused on teaching the children about the importance of time management and to stay stress free during examinations. The learner friendly environment and periodic feedbacks have helped the students prepare for a brighter future with holistic learning and due participation in co-curricular activities.

Ms. Aditi Misra
Director Principal
DPS Gurgaon

It is heartening to receive a positive feedback both from the parents and students, with respect to the success of these classes. I am confident that in the years to come Study Vault will benefit many more students!

Lotus Valley International School takes pride in bringing to you the School Integrated Programme (SIP) in association with our learning partner Study Vault Education Pvt. Ltd. We constantly strive to boost the self-confidence of our students and help them to realize their potential by creating an environment of excellence. The SIP has empowered students with conceptual knowledge of Mathematics and Science. The classes are taken by highly qualified, experienced, dedicated and result-oriented faculty from premier institutes of the country who understand each student's learning needs and train them accordingly, hence mentoring them in this journey. Periodic feedback and doubt clearing sessions during the weekend classes help students strengthen their understanding of the concepts taught.

The SIP ensures systematic coverage of the C.B.S.E. syllabus along with rigorous preparations for competitive exams without compromising on the student's involvement in co-curricular activities in a learner friendly school environment. The programme not only focuses on preparing students for competitive exams like National and International Olympiads, N.T.S.E. etc. but also on study skills such as time management, motivation and self-learning. The healthy competition provided within the classroom prepares them for the inescapable competition that they have to eventually face in the outside world.

I am certain that this program will continue to hone the talent of our young learners and aid them in actualising their true potential in the year ahead.

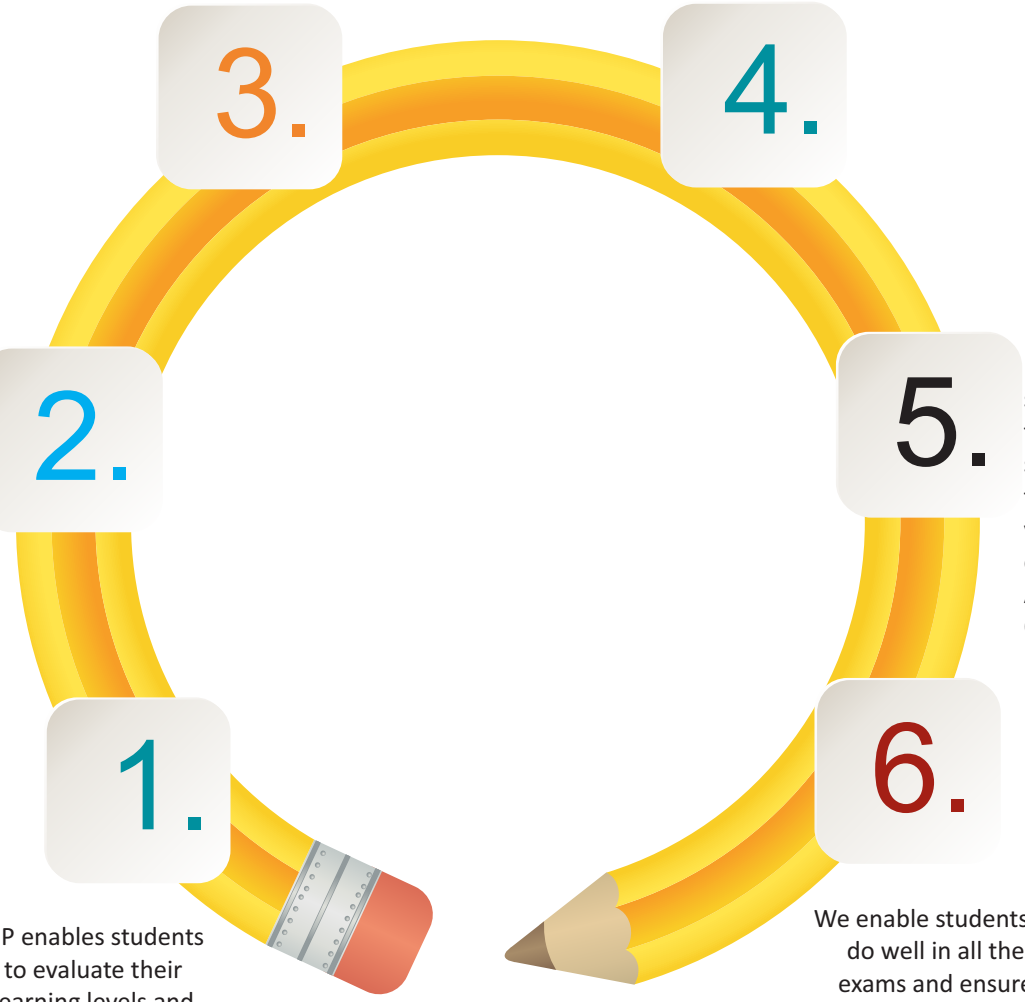

I wish the Study Vault team the very best in their endeavours.

A NOTCH ABOVE THE REST...

The circle of SIP turns full; empowering students to evolve into confident young learners with advanced cognitive, analytical and problem solving skills, ready to delve deep into the sea of knowledge and take up every challenge with ignited spirits and minds.

It helps them improve their fundamental concepts, infuse higher confidence and develop the temperament for high-order test.

It helps them to measure the extent to which concepts and skills underlying the school syllabus have been understood by students and provides them with regular feedback for improved learning.

It helps them sharpen their analytical and parallel thinking skills for quick problem solving and ability to comprehend.

It empowers students, develops their competitive spirit and motivates them to excel in various competitive exams like JEE Mains/ Advanced, Olympiads, RMO, NSO, NTSE, KYPY etc.

SIP enables students to evaluate their learning levels and identify their learning gaps.

We enable students to do well in all the exams and ensure success at each stage of their progress towards achieving academic milestones.

GOING THE EXTRA MILE...

The passion to excel, to come up with latest strategies, set new bench marks of achievement is what fuels Team SIP. Learning at SIP is an ongoing process, wherein the dynamic team members are themselves engaged in constant research, market study, content development and upgradation in order to give the students a unique learning experience to be cherished, for a life time.

1 Develop the Best Content

The content used in our classroom programs is constantly upgraded based on feedback from the classroom and industry experts. Special content updates are also given additionally, based on local requirements or for specific projects depending on the level of the students.

2 Prepare Assignments, Practice Papers and Tests

A given group of students requires assignments, papers and tests to suit its own pace of learning and the group goals. This is quite apart from the generic and standardized material. The R & D team helps in producing these customized exercises, based on student and faculty feedback for a specific group.

3 Benchmark on Process and Practices

The students who appear in the national level competitive and entrance examinations need to benchmark themselves not just to their own teaching institutions but across the country. Our R&D team constantly review and update the academic content and methodology with others in the industry to bring the required competitive edge in our delivery.

4 Gather Relevant Market Information

We guide and mentor students towards the best professional colleges, so that they can look forward to fruitful careers. Our counselors therefore keep abreast with industry trends, major competitive examinations, changes in syllabi, new opportunities both domestic and foreign, and emerging careers.

5 Train and Guide Faculty Members

We have a dynamic team of young and bright faculty members who join us for a career in teaching. We have a system of training, appraising, mentoring and developing them by our senior faculty members. The objective is to bring about the right mix of youth and experience in our services.

All About SIP...

About School Integrated Program (SIP)

School Integrated Program (SIP) is a program in which the students of classes VI to X will be screened and a separate section will be formed. These students will be taught by highly experienced and qualified faculty of Physics, Chemistry, Biology& Mathematics. These faculty members specialize in preparing students for various competitive examinations. This entire program will run within the school hours. The highlights of School Integrated Program are:

- A study program with a synergetic approach to both the School / Board studies as well as JEE Mains/ Advance other competitive & entrance examinations.
- A study program that eases out the pressure on students through meticulous time management and planning, thus creating a perfect balance between preparation for boards, school exams, competitive examinations as well as giving sufficient time for self-study and extra-curricular activities.

Fruitful Association

Students enrolling in this program will have an Integrated study plan wherein they will be prepared for both school / board as well as competitive exams by Study Vault. This would mean that the students would not be going through two separate schedules and classes for the same subject.

Meticulous execution

The School Integrated Program enables students to imbibe fundamental concepts of Science and Mathematics by sharpening their analytical and parallel thinking skills. This makes them capable of creatively resolving complex and tricky problems by merely application of basic concepts.

Clockwork Precision

As this programme focuses on efficient time management, a separate time table will be made for students enrolled under this programme i.e., Physics, Chemistry, Biology & Mathematics. All other subjects will be taught by school teachers. These students will learn the school syllabus and prepare for the competitive exams simultaneously. The primary focus will remain on C.B.S.E. and they will also be appearing in all the school tests. The expert faculty team will follow the school session plan for C.B.S.E. and will also prepare the students for other competitive and entrance examinations.

Mentoring with Passion

We have a panel of highly experienced and qualified full-time faculty from various institutions like IITs, NITs and other reputed institutions. These faculty members have been teaching for years and have produced many IITians, and other scholars while working with some of the leading coaching institutions in the country.

Personalized Attention

The batch size of a section will comprise of 40-42 students, this facilitates proper student-faculty interaction. The faculty of this program will be available on every Saturday for extra classes and doubt sessions etc. Hence, there will never be a problem for any student in clearing their doubts. This will also save their time of taking help from other teachers or opting for any other classes for these subjects.

Overall Comprehension

A comprehensive study material will be provided to all the students in this program. This study material has been specially designed by the Study Vault faculty after intensive research and caters to the individual interests of the learners. It will not only help them grasp the basic concepts of each topic in a simplified and clear manner but also enable them to tackle complex advanced problems with ease and confidence.

Feedback & Felicitation

A detailed performance report is issued online after every Progressive Test (PT). We conduct Parent's Teacher Meet (PTM) after every quarter, however, parents can share feedback anytime through their personal online account on our website. Parents can also visit their respective centres by taking an appointment according to their convenience.

Revision & Booster Classes during Summer Vacation

To facilitate timely syllabus completion and support students in preparing for competitive exams, we hold booster sessions during the summer break, tentatively scheduled for the first two weeks. Attendance is compulsory, as these sessions will progress with the course material. Please note that school bus or transport services will not be provided during this period.

Fee Refund Policy

The Fees for any course is charged in installments and the details are mentioned in the brochure. Fees once paid is non-refundable and non-transferable. Parents/students, can opt to withdraw from the course after one academic session, and will not be liable to pay any fees further.

PROCESS TO FOLLOW...

STEP-1 Entrance Process

An entrance test will be conducted on the following dates:

Wednesday, 28 October 2026 (for VII, VIII & IX going to VIII, IX & X respectively)

Wednesday, 18 November 2026 (for VI going to VII)

Based on the performance in the Entrance cum Scholarship test, students will get to know their School Rank. School Rank is rewarded to a student on the basis of the result evaluation among the students appeared from their respective school. Admission to the course will be granted on the merit list based on school rank.

Seats available for SIP

Class-VI going to VII (Nurture Program)	-	80 Seats
Class-VII going to VIII (Beginners Program)	-	30 Seats
Class-VIII going to IX (Gateway Program)	-	30 Seats
Class-IX going to X (Milestone Program)	-	10 Seats

STEP-2 Result Declaration and Admission Process

The results will be announced on the Study Vault website (www.studyvault.in) and on the School's notice board, on

Thursday, 12 November 2026 (for VII, VIII & IX going to VIII, IX & X respectively)

Monday, 23 November 2026 (for VI going to VII)

All the students appearing in this test can check their results online. Selected students will get a letter of selection, mentioning the further process of admission. The last date of admission is

Monday, 30 November 2026 (for VII, VIII & IX going to VIII, IX & X respectively)

Monday, 07 December 2026 (for VI going to VII)

Admission to the selected students will be given on first come first serve basis as there are limited seats in the program.

STEP-3 Scholarship Details

Scholarships will be granted to individuals who have achieved a specific ranking in the scholarship-cumentrance test conducted within their school, as detailed in the brochure. These scholarships are exclusively available to students who are enrolling in one of the courses provided by Study Vault. Only students scoring at least 70% in the scholarship-cum-entrance test conducted by Study Vault will be eligible for a scholarship. More comprehensive information about the rank-wise exact scholarship amounts can be found in the brochure or through official communication channels provided by Study Vault.

STEP-4 Batch Formation and Time-Table

We've created a specialized section for enrolled students with a tailored timetable. For classes VII to X, there are five days a week with one-hour each day for Math and Science. Subjects other than Math and Science are taught by the school's teachers. Students will follow the NCERT curriculum and receive competitive exam preparation from our expert faculty to build a strong foundation and excel in all their exams.

STEP-5 Online Orientation Program for New Parents

We are excited to announce that in March 2027, just before the commencement of the upcoming academic session, we will be hosting a mandatory online orientation program exclusively designed for all the parents of our new students. This orientation program is designed to provide the parents with in-depth insights into how our School Integrated Program (SIP) operates, offering a comprehensive overview of the annual academic process and introducing them to our esteemed faculty members. Additionally, they will be furnished with a detailed annual academic calendar.

It will equip the parents with a deeper understanding of our educational system and how we can collaboratively work together to unleash the potential of their ward.

STEP-6 Academic Process

We follow a five step teaching process :

1. Delivery on NCERT Level
2. Practice for NCERT
3. Delivery on Competitive level
4. Practice for Competitive level
5. Surprise Chapter-wise test

In addition to our teaching process, we have established a robust system for testing and addressing doubts, ensuring a comprehensive approach to our students' learning experience. Our evaluation methods encompass a variety of tests designed to assess students from both subjective and objective perspectives. Furthermore, we have implemented a structured doubt session system that empowers each student to address their questions promptly. Students have the flexibility to seek clarification during their free time while at school, stay back after regular school hours, or attend our designated doubt sessions held every Saturday. These fixed doubt session days are designed to accommodate and resolve any queries or uncertainties students may have, fostering a conducive learning environment where no question goes unanswered.

Study vault gave me strength to face challenges that came in my way. The concepts were explained by the faculty and made clear even when I asked again in doubt sessions. The team had always been there for any queries after classes and even provided extra classes for my weak topics. The faculty worked really hard to teach the entire domain of JEE so that nothing gets left out. The regular class tests, quizzes and progressive tests conducted by study vault also helped me to improve exam temperament. The mock tests were also really helpful.

I would like to thank Study vault for giving me proper directions and path to my dreams.

I joined Study Vault School Integrated Program (SIP) in class IX.
I found the class environment to be very engaging and interactive. The teachers were extremely well versed in the subjects and explained each topic in detail. They also exposed us to a variety of questions on each topic. All the teachers were always ready to help by providing doubt sessions. The study material and DPPs were very impressive and beneficial and the weekly & monthly mock tests helped me greatly.
This preparation helped me a lot and I was able to clear NTSE in class X, KVPY in class XI & KVPY in class XII with an AIR of 87.
Therefore, I would like to thank the team of Study Vault for all the valuable time and support they provided.
Thank you Study Vault!
